

TREASURE COAST
YOUTH SYMPHONY

FALL 2009

The Orchestra and the Community

The Treasure Coast Youth Symphony is composed of the most talented student musicians, selected by annual audition, from Indian River, St. Lucie, Martin and Palm Beach counties. The orchestra performs standard and classical literature, as well as modern transcriptions of Broadway scores. With the 2009-2010 season, the orchestra is celebrating its twenty-third year of music on the Treasure Coast.

The mission of the Treasure Coast Youth Symphony is to provide challenging experiences in orchestral and individual performance for student musicians, to broaden their technical skills and artistic expression, to instill professionalism, and to enhance enjoyment of their musical talents for themselves and for their audiences.

An invaluable asset to the community, the Treasure Coast Youth Symphony offers many benefits to the young musicians, their families and audiences. It provides its members with orchestral performance experiences and the opportunity to play full, original scores - the same music played by professional orchestras.

The Treasure Coast Youth Symphony affords the opportunity for students to perform for live audiences at professional venues such as the Lyric Theatre in Stuart, the Waxlax Center for the Performing Arts in Vero Beach and now, for the first time at the Eissey Campus Theatre at the Palm Beach Community College in Palm Beach Gardens.

A concerto contest held annually for Treasure coast Youth Symphony musicians provides solo performance experience with orchestral accompaniment.

As funds are available, the Treasure Coast Youth Symphony awards scholarships to qualifying students to continue their music education during a summer music program of their choice or at the college level if entering a music curriculum in the fall, or to assist in purchase of a musical instrument.

The orchestral experience obtained through participation in the youth symphony is a testimony to the discipline, accomplishment and teamwork of the orchestra members. This experience is a desirable enhancement for college application providing additional impetus for financial assistance in terms of full or partial merit scholarships or grants by colleges, universities and/or conservatories.

The Treasure Coast Youth Symphony is a non-profit, 501(c)(3) organization and obtains funding through orchestra member dues, private contributions and performance revenues. The conductors, musicians, parents and all others involved spend countless volunteer hours managing, rehearsing and supporting the activities of the symphony.

The Treasure Coast Youth Symphony is pleased to welcome our guest artist / conductor for this very special concert program. The reputation of our guest precedes him. A star of film and television, he is well-known to young and old alike. Multi-talented, he has been featured with some of the world's best orchestras in sold out performances from the Sydney Opera House to The Kremlin Palace to the Hollywood Bowl. We can only imagine that those great composers, Rossini, Wagner, and Liszt would be absolutely stunned by his performances of their great works!

Music historian, Robert Greenberg, defines our guest as your "everyperson" when he deals with "high end Euro-music." His unique approach to classical music may put off the most high brow, but hey, let's face it, he makes it just downright FUN! One of America's most famous cartoon characters, Bugs Bunny brings us a cultural encounter to remember, where silly meets sublime!

A Special Thank You to the Atlantic Classical Orchestra

The Treasure Coast Youth Symphony wishes to express sincere gratitude for the **Atlantic Classical Orchestra's** continued financial contribution, performance attendance opportunities, mentoring of the symphony and promotion of music education in the tri-county area.

The Treasure Coast Youth Symphony is additionally grateful and very proud of its recent opportunity for nineteen of its young musicians to play a side-by-side concert with the professional musicians of the **Atlantic Classical Orchestra**.

The **Atlantic Classical Orchestra's** mission is the cultural enrichment of the Florida communities of Indian River, Martin and St. Lucie Counties, while fostering performance opportunities, music appreciation, and educational services for young people by providing a regularly scheduled program of high quality, live performances of classical orchestral music in Vero Beach and Stuart, played by professional musicians.

The Conductors

DR. JOHN ENYART, (Founder)

John W. Enyart was raised in South America by missionary parents where he received his first musical training on the violin. Desiring to pursue his education, the Enyart family moved to the United States where Dr. Enyart completed high school in Terre Haute, Indiana, and attended Indiana State University on a full scholarship. After two years at Indiana State University, Dr. Enyart interrupted his musical studies and completed a Bachelor of Theology at God's Bible College in Cincinnati, Ohio. He subsequently transferred to the Conservatory of Music at the University of Cincinnati and received his Bachelor's, Masters and Doctorate degrees in Musicology and Music Theory with conducting and violin as areas of intense concentration.

Dr. Enyart was a member of the graduate faculty at the University of Cincinnati where he served as Concertmaster of the concert orchestra and the principal second of the philharmonic orchestra. In addition, he was Concertmaster of both the Hamilton Symphony and Middleton Symphony Orchestras. Dr. Enyart served as Chairman of the Music Department of God's Bible College, Cincinnati, Ohio and Chairman of the Music Department of the Hobe Sound Bible College, Hobe Sound, Florida.

Dr. Enyart has served as Director of Musical Ministries at the Morningside Friends Church, Port St. Lucie and has played with the Atlantic Classical Orchestra of Vero Beach and Stuart. Dr. Enyart teaches violin lessons to community students.

BENJAMIN ENYART

Benjamin Enyart began studying the violin at age five. When he joined the Treasure Coast Youth Symphony in the eighth grade, he realized how much he loved music and the violin. After graduating from high school, Mr. Enyart pursued his musical studies at Bob Jones University, completing both a Bachelor and Master's degree in Music.

Throughout Mr. Enyart's university days, he performed with the university symphony and string quartet. Mr. Enyart taught at the Berean Christian School in West Palm Beach where he worked at developing a string program. Presently, Mr. Enyart teaches at the Morningside Academy in Port St. Lucie, Florida and currently directs the middle and high school orchestras. He performs as soloist in various venues, plays in the Enyart String Quartet and the Morningside Church Orchestra.

THOMAS C. SERVINSKY

Thomas Servinsky grew up in Indiana, Pennsylvania, where his parents were both teachers. His father, a gifted clarinetist, passed on his musical talents to his son and by the age of six, Mr. Servinsky was playing the clarinet.

During Mr. Servinsky's studies at Indiana University of Pennsylvania, his professor, Dr. Daniel DiCicco, organized a trip abroad to the Paris Conservatory and Paris Opera. While there, Mr. Servinsky had the opportunity to study with Maurice Gabai, principal clarinetist with the Paris Opera. After his return to the U.S. he studied with Louis Paul, principal clarinetist with the Pittsburgh Symphony. Mr. Paul then arranged the "chance of a lifetime" for Servinsky to study with Stanley Drucker, principal clarinetist with the New York Philharmonic.

Mr. Servinsky enters his 20th season with the Atlantic Classical Orchestra, as well as free lancing with several south Florida orchestras and opera companies. Mr. Servinsky recently finished his 6th recording under the Citadel Label as assistant concert master with the Keystone Wind Ensemble. Those recordings can be heard on all NPR radio stations worldwide. The Keystone Wind Ensemble will be one of the featured ensembles at Lincoln Center in 2010 celebrating 100 birthday of William Schuman, famed 20th Century composer and former head of the Julliard School of Music. The Keystone Wind Ensemble won accolades for their recording of the entire William Schuman wind ensemble collection in 2005. The Keystone Wind Ensemble just finished recording the entire Leroy Anderson collection this past summer and that CD is due to be released in a few months. In addition to performing, Mr. Servinsky continues teaching private clarinet to advanced students throughout the Treasure Coast.

Mr. Servinsky is a graduate of the Chautauqua Institute Piano Technology program. This is his 28th year as a Registered Piano Technician, with responsibilities of keeping the concert pianos in performance condition for many of the concert halls, homes and churches throughout the Treasure Coast. His rebuilt pianos have been hailed by Victor Borge, Peter Nero, Roger Williams, and the Beaux Art Trio. Mr. Servinsky has traveled worldwide as the personal piano technician artists such as Ryuchi Sakamoto and John O'Connor. In addition, Mr. Servinsky is also on staff as one of the Steinway Concert Technicians for south Florida.

This is the 7th season that Mr. Servinsky has worked with the Treasure Coast Youth Symphony as assistant conductor. His passion and dedication to teaching the next generation of musicians remains one of his many interests. It is with great pleasure to see this group succeed beyond everyone's expectation.

The Treasure Coast Youth Symphony Inc. is an all volunteer, non-profit organization. The conductors and students set aside three hours every Monday evening during the school year to prepare for approximately ten performances each season.

Although a non-profit organization, our performances do incur the usual expenses required to do business. Funds raised by the Treasure Coast Youth Symphony Inc. through performances and donations are directed towards student scholarships, instrument and music purchases, and other orchestra related expenses.

A special thank-you is directed to the founder of the Treasure Coast Youth Symphony, Dr. John Enyart, for so generously giving the gift of his love, time, and talent to so many of the students of the Treasure Coast during the past twenty three years.

We also thank our assistant conductors, Ben Enyart and Thomas Servinsky for their tireless efforts and time spent teaching and mentoring our young musicians, and for providing opportunities to experience the ownership of their accomplishments.
